Registry Update

The UKNFR has Section 251 approval which means patient demographics and treatment details can be held without gaining consent from the patient. I have therefore removed the question 'Has the Patient Consented for their data to be added to the Registry'.

The Section 251 approval does not allow for the retention of patient contact details to participate in the PROMS process and so a specific 'UKNFR Consent Form' should be completed and a copy retained in the patient records. The patient may at any time

- a) withdraw their consent for data to be held within the UKNFR
- b) join the '[National Data Opt-out](#)'

In such instances, please ask the patient to email UKNFR@bapras.org.uk so I can action their request.
